Food

General de Gaulle once asked, with a certain amount of pride, how it was possible to rule a country which produced 365 different kinds of cheese; the alpine region of Haute Savoie makes an important contribution to this selection. *Tomme de Savoie*, *Beaufort*, *Abondance*, *Reblochon*, *Bleu de Sassenage*, and the goat's *Picodon d'Ardeche* are enjoyed with bread and fruit, or used as an ingredient of one of the many cheese-based dishes of the area. Try a *Fondue Savoyarde*, a *Raclette* (potatoes with melted cheese and dried meats), or a *Tartiflette* (potatoes, bacon, onions topped with Reblochon cheese). Fresh lake fish such as trout or perch are popular around Lake Geneva.

Traditional desserts include *Tarte aux Myrtilles* (bilberry tart), *Nougat de Montelimar* and *Marrons glacés* (chestnuts candied in sugar syrup).

Almost all restaurants offer two types of meals: *a la carte* (extensive choice for each course, generally more expensive) and *le menu* (a set meal at a fixed price).

The bill (*l'addition*) will not be presented until it is asked for, even if clients sit and talk for half an hour after finishing their meal. Usually, a discretionary service charge is added to your bill in restaurants and bars, and no further tipping is required.

Generally speaking, mealtimes in France are strictly observed. Lunch is as a rule served from noon to 1330, dinner usually from 2000-2130, but the larger the city, the later the dining hour.

Drink

Wine is by far the most popular alcoholic beverage in France, and the choice will vary according to region. The Savoie vineyards extend over 2,000 hectares and mainly produce white wine, among which the AOC quality label *Vins de Savoie* and *Roussette de Savoie*.

In elegant restaurants the wine list will be separate from the main menu, but in less opulent establishments will be printed on the back or along the side of the *carte*. The waiter will usually be glad to advise an appropriate choice. If in doubt, try the house wine; this will usually be less expensive and will always be the owner's pride.

This tour is on a dinner, bed and breakfast basis and includes;

- Christmas Eve four-course dinner
- Christmas Day lunch and dinner

Destination

Our Lake Annecy by train tour offers the opportunity of a relaxing break in the attractive lakeside village of Talloires in one of the most beautiful areas of France. Take in the glorious lake and mountain scenery, enjoy the excellent food served at the hotel Les Grillons, admire pretty lakeside villages and elegant spa towns, and experience the excitement of cable cars and rack railways at Chamonix and the breath-taking views of the French Alps.

Places of interest included in the tour:

Annecy

One of the largest lakes in France and the cleanest in Europe, Lake Annecy is surrounded by glorious mountain scenery and attractive towns and villages, including one of our bases, the pretty village of *Talloires* famed for its gourmet restaurants including the Michelin-starred *Père Bise*.

Annecy is one of the most attractive and charming towns in the French Alps, set at the northern tip of *Lac d'Annecy* and surrounded by mountains. Its small medieval quarter is laced with canals, flower-covered bridges and arcaded streets. Perfect for leisurely and relaxing browsing, there are nonetheless some major sights - the formidable 12th Century *Palais de l'Isle* and the turreted *Château d'Annecy*.

Chamonix and Mont Blanc

A busy and cosmopolitan town, Chamonix sits at the foot of Europe's highest peak surrounded by the best of mountain scenery – glaciers, snow-capped peaks and lush green meadows. It is the base for all mountain based activities, in summer and winter. Wonderful alpine views are possible from the *Aiguille du Midi cable car* - the highest cable car in Europe - which takes you as close to the peak of Mont Blanc as is possible without climbing. Or, for those who aren't big fans of heights, try the *Montenvers rack railway* which will take you to the foot of the *Mer de Glace* glacier.

Please note that the *Aiguille du Midi* cable car can get very busy at peak times so we recommend making a reservation as soon as you arrive in Chamonix to avoid disappointment and minimise queuing time. The current cost is €55 per adult round trip, which lasts 2-3 hours (not included and payable locally).

Alternatively, a trip on the historic railway built in 1908 to the *Mer de Glace* (sea of ice) offers stunning views of the 14km-long glacier which moves up to 100 metres each year, scarring and shaping the landscape. This 2-3 hour excursion offers wonderful views of the soaring peaks of this beautiful area. For the more energetic, the 2-hour walk back down more than rewards the effort. The current cost for the *Montenvers* railway is €29.50 per adult round trip (not included and payable locally).

Please note that the *Montenvers* railway and the *Aiguille du Midi* cable car are subject to seasonal opening hours.

Lac Léman (Lake Geneva)

The expanse of *Lake Geneva* (or Lac Léman to the French) forms a natural border between France and Switzerland. The awe-inspiring scenery and the gentle climate have made the shores of Lac Léman a popular health resort area since the first spas were built at *Evian-les-Bains* in 1839. Take a stroll along the lovely tree-lined lakeside promenade at Evian and taste the famous water from the *Source Cachat* on the *Avenue des Sources*.

Picturesque *Yvoire* is a lovely medieval fishing port of narrow cobbled streets and stone houses sloping down to the edge of the water. Sights here include the 14th century castle, church, two stone gateways, the attractive *Jardin des Cinq Sens*, and picturesque streets lined with tightly-packed houses decorated with colourful flower boxes.

Geneva

In terms of being international and cosmopolitan there aren't many cities that can compare with Geneva. Its location is fantastic, strung along the shore of mountain backed Lake Geneva, and it is the place that many international organisations choose to base their European headquarters – you may see the United Nations, World Health Organisation and International Red Cross. More than 200 international organisations are based here and one in three residents are non-Swiss. Sights include the world's tallest fountain, the *jet d'eau*, the 16th century *St. Peter's Cathedral* in the wonderfully picturesque old town, the *UN Building* and excellent museums such as the *Museum of Modern and Contemporary Art*, the *Museum of Art and History*, the *International Motor Car Museum* and the *Voltaire Museum*.

Please note that some Swiss Francs will be required on this day for incidental expenses - these can be withdrawn from a bank cashpoint in Geneva or you may prefer to take a small amount with you. Credit cards are accepted very widely for more substantial purchases.

Chambéry and Aix-les-Bains

Once the capital of Savoy, the dignified town of Chambéry has a distinctly Italianate feel that betrays its history as part of Italy. Highlights here include its much-loved and extravagant Fontaine des Eléphants, Chateau of the Dukes of Savoy dating back to the 14th century and 17th century country house, Les Charmettes, once home to the philosopher Rousseau.

Aix-les-Bains is a gracious spa town located on Lac du Bourget and is famed for its thermal baths.

Reading Suggestions

Graham Robb, *The Discovery of France*.

A general introduction to French culture, landscape and history, it also features an excellent insight into the distinctive character of France's regions.

Bernard Levin, *From the Camargue to the Alps: A Walk Across France in Hannibal's footsteps*.

As the title suggests, English journalist Bernard Levin follows the Carthaginian military commander's path across France to Italy, describing history, landscape and culture on his way.

The Basics

Climate – The weather around Lake Annecy at this time of year is likely to be cold, there is the chance of snow. Our best advice is to come prepared.

Time – GMT +2 hours (Summer time Apr-Oct); GMT + 1 (Standard time Nov-Mar).

Language – French.

Religion – Roman Catholic.

National holidays – New Year's day (01 Jan); Easter Monday; Labour day (01 May); Victory in Europe day (08 May); Ascension day; Whit Sunday; Whit Monday; National day (14 Jul); Assumption of Mary (15 Aug); All Saints' day (01 Nov); Armistice day (11 Nov); Christmas day (25 Dec).

Currency – Euro. €1 = 100 cents. Notes are in denominations of €500, 200, 100, 50, 20, 10 and 5. Coins are in denominations of €2 and 1, and 50, 20, 10, 5, 2 and 1 cents.

Geneva – Swiss Franc. 1CHF = 100 cents. Notes are in denominations of 1000, 200, 100, 50, 20, 10 CHF. Coins are in denominations of 5, 2, 1 CHF and 50, 20, 10, 5 cents.

Banks – Cashpoints compatible with international banking networks are located in all towns and cities, as well as airports, major train stations and other spots. They usually offer an attractive exchange rate. Those banks that still exchange foreign currencies into local money will always charge a transaction fee, so withdrawing money from an ATM usually represents the most logical means of obtaining euros.

Credit cards – American Express, Diners Club, MasterCard and Visa are widely accepted across the country. If you're eating at a restaurant, check prior

to the meal that your card will be an acceptable form of payment. Even in cities, it's advisable to carry a supply of cash with you at all times.

Electricity – 220 volt, two-pin continental plug.

Drinking water – Tap water is safe to drink. (Although you'll find a huge amount of bottled water for sale too)

Shops and museums – Annecy has a wide variety of shops; Smaller towns have quaint boutiques and beautiful markets. Department stores are open 0900-1830 Monday to Saturday. Most shops are closed between 1200-1430. Some food shops (particularly bakers) are open Sunday mornings, in which case they will probably close Monday. Many shops close all day or half-day Monday. Please note that most museums close on Mondays.

Clothes & Shoes – You may like to bring a warm sweater for cool evenings. Light rain wear for the occasional storm and good grip/flat walking shoes are recommended.

Camera – bring plenty of memory cards/film and any spare camera batteries as these are not always available. Please check with your guide before photographing people.

Bath plugs – The hotel has plugs for basins, but it is useful to carry a 'universal' one with you.

Telephones/mobiles – You should be able to use your mobile phone in France, depending on your operator and contract.

Tipping –To keep our tours affordable, we do not increase the tour price by adding in tips. However, in the tourism industry, there is a certain level of expectation that when receiving a good service, one does award with a tip. Tour Managers, Representatives, Guides and Drivers appreciate a tip at the end of their involvement with the tour, but this is entirely at your discretion. We believe in allowing you to tip according to your level of satisfaction with their services, but for your guidance about £2-3 per person per day for the tour manager is the norm. We would like to reiterate that tipping is an entirely optional payment and this information is given purely to answer any questions you may have about it.

Health

Doctor/Dentist/Chemist

Please talk to your tour manager if you are feeling unwell and they will organise for you to see a doctor.

Keep receipts for insurance claims.

Hospital

Your tour manager/hotel reception will arrange hospital transport.

General Health Advice

We suggest you take a good supply of your own individual medicines with you and always keep some in your hand luggage in case you get delayed or your luggage goes astray. General-purpose supplies for bites, stings, or scratches, and your usual medication for headaches, or stomach upsets are always recommended. Oral re-hydration sachets are excellent for topping up salt and glucose levels.

Visit the NHS Fit For Travel website for more generally information specific to the country you are visiting – www.fitfortravel.nhs.uk

Inoculations

You should check with your own doctor and take their advice as to which inoculations are required for the country you are visiting, as only they know your medical history and recommendations are liable to change at short notice.

Should an emergency arise, please call our offices on:

00 44 20 7251 0045

Outside office hours (Mon-Fri 0900-1700), telephone our emergency staff on:

00 44 20 7431 8201 or

00 44 7899 796542 or

00 44 7831 133079 or

00 44 1235 850720

PLEASE USE THESE NUMBERS ONLY IN THE EVENT OF A GENUINE EMERGENCY.

Insurance

To be covered under your Travel Insurance Policy, if you become ill, it is essential that you contact a local doctor and also telephone the emergency number of your insurance company. You will **NOT** be covered for any claim unless this procedure is carried out. Your insurance company will then decide on the best course of medical attention.

European Health Insurance Card (EHIC)

The EHIC replaced the old E111 in 2006. Valid in all EEA countries, the card lets you get state healthcare at a reduced cost or sometimes for free. It will cover you for treatment that is needed to allow you to continue your stay until your planned return. It also covers the treatment of pre-existing medical conditions.

Please note that the EHIC **is not** an alternative to travel insurance. It will not cover any private medical healthcare or costs such as being flown back to the UK, or lost or stolen property. Therefore, it is important to have both an EHIC and a valid private travel insurance policy. It is also important to note that each country's healthcare system is slightly different, so the EHIC might not cover everything that would be generally free on the NHS.

We strongly recommend that you take out an appropriate travel insurance policy when you travel abroad.

For more information about the EHIC please visit:
