The Isle of Man is somewhere that everyone has heard of, but very few have been to, famed for its annual motorcycle TT race and benevolent tax laws, but there is much more to it than that! It is one of the best places to see nature, the walks are simply amazing, it is definitely a case of camera and binoculars at the ready. You certainly feel you are going back in time and never more so than a ride on the famous Victorian Heritage Railway or when head for the mountain railway which climbs to the summit of Snaefell. The island also has mountain bike trails, long distance footpaths where you can explore the coastline of the Irish sea, keeping an eye out for any passing Seals, Puffins or Dolphins. You really can find something for everyone to enjoy on the Isle of Man.

Our tour includes journeys aboard the steam train to Castletown and Rushen Castle and the seaside town of Port Erin, the electric train to see the famed Laxey Wheel, the world's largest working waterwheel and the town of Ramsey and the mountain railway to enjoy the stunning view from Snaefell that famously includes the seven kingdoms of England, Ireland, Wales, Scotland, the Isle of Man, and the kingdoms of heaven and the sea! We also travel by coach to the main fishing port of Peel to see the famed Manx Kipper smokehouse and allow time in the town of Douglas.

Our four-night trip is great value and includes most of the sights that the island has to offer.

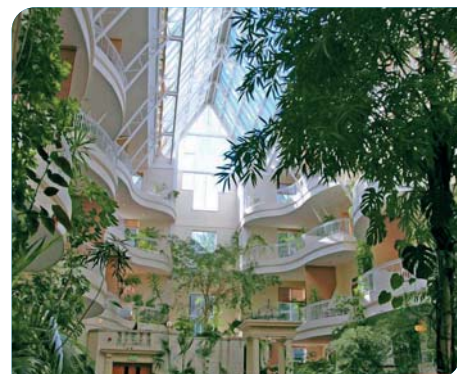

The one problem you will have, is how can you possibly fit everything in, you will never regret a visit to this wonderful place.

#### Where you stay Sefton Hotel, Douglas

This traditional four-star hotel offers a friendly welcome and a high standard of comfort and services in the island's capital of Douglas. Much appreciated by past groups, its facilities include "Sir Norman's" bar, "Harbour Lights" Restaurant, an indoor pool, gym and comfortable bedrooms with all modern amenities.
