## Food

The standard of food in Greece is excellent and offers a remarkable variety of freshly prepared and very tasty dishes, many of which use locally grown products and locally produced olive oil.

When eating out the Greeks nearly always eat 'Mezedes' style. This means ordering several dishes, starters and/or main plates, whatever takes your fancy, to put in the middle of the table for all to share. It's a very sociable way to eat and a great way of tasting lots of different dishes! Don't be shy in the amount you order, or if you only find yourselves ordering starters – any combination is acceptable.

When ordering fish in Greece you will find the price on the menu relates to a cost per kilo. Don't be put off by this. You are expected to go into the kitchen, choose the fish you want and then it will be weighed in front of you so you know what you will pay.

Nearly all tavernas sell their own 'open' wine, known as village wine. It is something of an acquired taste but it goes well with the local food. The white is usually always very drinkable but the red varies quite a lot. If you are unsure you can always ask if you can try the wine before you agree to it. Prices of local 'village' wine are usually between 3 and 5 euros per half litre.

Local drinks are ouzo, tsipoura, metaxa and, of course, Greek wine. Tsipoura is the local firewater! This is distilled from the residue of the grapes after making wine. You will probably find you come across this whether you want to or not, as it is very often served, complimentary, at the end of a meal.

### Meals included in the holiday

Breakfast daily

One dinner and five lunches (picnic or taverna)

### Taking food into EU countries

Please note, you are not able to take meat, milk or any products containing them into EU countries.

## Destination

### The Cycladic Islands

The name “Cyclades” refers to the islands forming a circle (the name in English means: “circular islands”) around the sacred island of Delos. According to Greek mythology, Poseidon, God of the sea, furious at the Cyclades nymphs turned them into islands. The Cyclades comprises some of the most beautiful islands in the world! Gorgeous sandy beaches, picturesque architecture dominated by white and blue, a continuing traditional lifestyle, folk music, a warm hospitable people and barren landscapes with isolated chapels are all just a little of the Cyclades experience.

### Syros

The Phoenicians were among the first inhabitants of Syros and the ones who eventually named the island. There are two possible explanations of the word Syros: either it comes from the word “Ousoura” or “Ousyra”, which in Phoenician means happy, or from the word “Syr” which means rock. Syros is also mentioned by Homer with the name Syrii.

This is an island where Greek tradition and western influence come to a harmonious marriage. Ermoúpoli (meaning “the city of Hermes”) is the island’s capital town and has been the first important trade and industrial centre of the country in the 19th century. The island combines both Venetian and Cycladic architecture. Ermoupolis is a gem to walk around the old quarters as well as to enjoy fantastic views to the Aegean Sea. Hiking the hill above Ermoupolis, you reach the attractive quarter of Ano Syros, the traditionally Catholic community of the island. Galissas, Megas Gialos, Kini and Posidonia are the main and well known beaches of Syros, with sandy shores and crystal water.

### Tinos

Located at the northern side of the Cyclades, Tinos island is a very special religious place for Greeks and considered to be the capital of religious tourism in Greece because of a very important church, the church of Panagia (Virgin Mary), which houses a very important and famous icon. The church complex was built around the icon which,

according to tradition, was found after the Virgin appeared to a nun, Pelagia, and revealed to her the place where the icon was buried. The icon is widely believed to be the source of numerous miracles and, as the icon was found on the very first days after the creation of the modern Greek State, 'Our Lady of Tinos' was declared the patron saint of the Greek nation. The church is actually dedicated to the Annunciation of the Virgin Mary and has become the most popular pilgrimage in Greece. The church is located on a hill above Chora, the capital of Tinos. Many pilgrims, those who keep a solemn promise to the Virgin Mary, cover this distance, from the port to the church, on their knees. As the path is very rough and their knees can get injured, a long red carpet has been laid from the entrance of the church to the port, only for this reason. Greeks will usually 'pilgrim' to this place at least once in their lifetime and in particular on the 15<sup>th</sup> August, when the 'Feast of the Assumption' is celebrated.

Apart from this famous church the island is known for its secluded beaches and its many traditional villages that are adorned with the characteristic picturesque Cycladic architecture. Pyrgos being the most famous of these, with its long tradition in marble carving.

### Your Guide

#### Jonathan Peat

Jonathan has been guiding walks in Greece for more than 20 years. He is of British/Greek descent and speaks both languages fluently. He spent many years living in Greece but has now settled in France with his French wife Myriam but returns to Greece every year. His passion for the country is fully represented in his guiding when he aims to introduce the visitor to the region’s unspoilt and beautiful nature as well as a very authentic side of Greek life.

**Please note as this tour is very much dictated by the hands of nature, it is possible some of the walks mentioned may change if conditions are not suitable for the walks advertised. If appropriate, these decisions will be taken by the guide during the tour.**

## The Basics

**Climate** – The weather in Greece at this time of year is likely to be pleasant, but evenings at visits at altitude can be quite cool and there is the chance of the odd shower. Our best advice is to come prepared. Layers are useful as is a rain jacket and small umbrella.

**Time** – GMT +3 hours (Summer time Apr-Oct); GMT + 2 (Standard time Nov-Mar). This means, summer or winter, Greece is 2 hours ahead of the UK

**Language** – Greek

**Religion** – Greek Orthodox

**Currency** – Euro. €1 = 100 cents. Notes are in denominations of €500, 200, 100, 50, 20, 10 and 5. Coins are in denominations of €2 and 1, and 50, 20, 10, 5, 2 and 1 cents.

**Banks** – Cashpoints compatible with international banking networks are located in all towns and cities, as well as airports and other spots. Those banks that still exchange foreign currencies into local money will always charge a transaction fee, so withdrawing money from an ATM usually represents the most logical means of obtaining euros other than bringing euros with you from the UK.

Banks are open Monday to Friday 8am – 2pm. ATM machines can be easily accessed in the town and you can use a UK debit card, using the same pin number you use in the UK, to withdrawn cash. The instructions are in English. Just look for signs on ATM's for Delta or Cirrus.

**Credit cards**– Greece still remains very much a cash society so credit cards are not always widely accepted, however, more places are accepting these nowadays but it is best to check first in restaurants and shops that they accept credit cards, if you wish to pay by card. Varying amounts of commission can be charged for credit card payments and you may like to check these with your credit card supplier before travel.

**Electricity** – 220 volt, two-pin continental plug.

**Drinking water** – Tap water is safe to drink although you should check at the hotel if the bathroom water is safe to drink as it could be tank water rather than mains water. Bottled water is

readily available to buy in all of the local shops and very reasonably priced.

**Plumbing** - Unless there is information to the contrary please do not put toilet paper down the toilet. As you may know this is common practice in Greece due to the narrowness of the waste pipes. Please dispose of the paper in the bins provided, which will be regularly emptied by the hotel.

**Telephones/mobiles** – The guarantee of free mobile phone roaming throughout the EU, Iceland, Liechtenstein and Norway has ended. Check with your phone operator to find out about any roaming charges that might be applied after 1st January 2021. A new law means that you are protected from getting mobile data charges above £45 without you knowing. Once you reach £45, you need to opt in to spend more so that you can continue using the internet while you are abroad. Your phone operator will tell how you can do this.

**Tipping** –To keep our tours affordable, we do not increase the tour price by adding in tips. However, in the tourism industry, there is a certain level of expectation that, when receiving a good service, one awards with a tip. Tour Managers, Representatives, Guides and Drivers appreciate a tip at the end of their involvement with the tour, but this is entirely at your discretion. We believe in allowing you to tip according to your level of satisfaction with their services.

# Practical Information

**We recommend you bring the following items:**

1 light waterproof jacket  
1 good size day sack  
1 pair of light trousers (for prickly undergrowth)  
1 water bottle  
Personal first aid kit  
Sun hat, sun cream, insect repellent  
1 fleece or warm layer for cold in altitude or chilly evenings  
T-shirts/layers so you can adjust to changing early/late season weather conditions  
A walking stick or ski sticks are highly recommended as the paths followed are not always even and can be strewn with loose shingle/stones so sticks can be extremely helpful on such paths

Although none of the walking paths are particularly difficult you will encounter uneven and sometimes rocky terrain so it is essential to have comfortable, well-fitting and protective footwear. It is advisable that boots are ankle high to provide good ankle support. Vibram soles tend to have better grip. It is always advisable to break in your boots before your holiday. Try two pairs of socks, one thin pair close to the skin, and a thicker outer sock.

Bring a foot care kit, especially useful is moleskin and second skin, compeed is also very good for blisters

## Health

### General Health Advice

We suggest you take a good supply of your own individual medicines with you and always keep some in your hand luggage in case you get delayed or your luggage goes astray. General-purpose supplies for bites, stings, or scratches, and your usual medication for headaches, or stomach upsets are always recommended. Oral re-hydration sachets are excellent for topping up salt and glucose levels. Visit the NHS Fit for Travel website for more generally information specific to the country you are visiting – [www.fitfortravel.nhs.uk](http://www.fitfortravel.nhs.uk)

### Doctor/Dentist/Chemist

Please talk to your guide if you are feeling unwell and they will organise for you to see a Doctor if necessary. There is normally a charge of about 60 Euros for calling out a doctor (or more, depending on the distance the doctor has to travel) and there is also a charge to visit a Doctor.

**Keep any receipts for insurance claims.**

## Hospital

Your guide/hotel reception will assist if you need to visit a hospital during your stay.

**Keep any receipts for insurance claims.**

### Inoculations

No compulsory vaccinations are required for travel in Greece.

### Pharmacies

Pharmacies throughout Greece are generally well-stocked and have knowledgeable staff who, more often than not, will speak good English. Pharmacists will often be able to give advice and medicine for minor ailments. Pharmacies are open Monday to Friday but not on Saturdays.

## Insurance

### European Health Insurance Card (EHIC)

Before you travel, make sure you have got a valid European Health Insurance Card (EHIC) or UK Global Health Insurance Card (GHIC) or travel insurance with health cover.

You may not have access to free emergency medical treatment and could be charged for your healthcare if you do not have an EHIC or GHIC when visiting an EU country, or travel insurance with full healthcare cover when visiting Switzerland, Norway, Iceland or Liechtenstein. If you have an EHIC it will still be valid while it remains in date. Your European Health Insurance Card (EHIC) or Global Health Insurance Card (GHIC) will be valid if you are travelling to an EU country.

For further information about the GHIC please visit: <https://www.ehic.org.uk>

### Travel Insurance

We strongly advise that you take out an appropriate travel insurance policy when you travel abroad. If you require medical assistance whilst abroad it is essential that you contact the emergency number of your insurance company to advise them of the situation. You will **NOT** be covered for any claim unless this procedure is carried out. Your insurance company will then decide on the best course of action whilst in resort.
